COBE IS LOOKING FOR A FINNISH-SPEAKING ARCHITECT WITH EXPERIENCE IN PROJECT MANAGEMENT AND URBAN PLANNING

About the position:

COBE is busy realizing a number of prestigious architecture, landscape and urban planning projects in Scandinavia, and we have recently expanded our portfolio of Finnish projects, such as Tampere Service and Travel Centre in Tampere and Töölönlahti Bay Area in Helsinki. COBE is thus looking for a talented Finnish-speaking architect with experience in project management and urban planning. You will be part of a team of architects, landscape architects and constructing architects and your primary task will be project development in drawing and text with a focus on architectural quality and communication with Finnish clients and collaborators.

Qualifications - applicants who do not meet these demands will not be considered for the position:

- Minimum 2-5 years relevant experience in architecture and urban planning
- You are fluent in Finnish and English
- You have excellent design skills
- You have a relevant education as an architect
- You have experience in leading a project team
- You have experience and interest in communication with different project stakeholders

Furthermore, we are looking for candidates with the following qualifications:

- You have thorough familiarity with Rhino, Adobe and Autocad
- You have great interpersonal skills and value good teamwork
- You have the ability and desire to work in a dynamic and international environment
- You are systematic and organized in your work, and you are creatively thinking
- Experience in detailed design phases from Scandinavia is an advantage, but not a requirement

Application:

Applications are treated confidentially. Interviews will be held continuously in the month of August, and the deadline for application is August 20 2017. We are looking forward to receiving your application - CV and portfolio included. Please send the application to job@cobe.dk with the subject "Finnish-Speaking Architect". Questions regarding the position can be answered from August 7 2017.

About COBE:

COBE is an architecture company founded in Copenhagen, Denmark, in 2006 by Dan Stubbergaard, and currently employs approx. 100 dedicated architects, landscape architects, urban planners and constructing architects. Since its establishment, COBE has gained great recognition through a number of award winning projects at home and abroad. Its most significant projects include Nørreport Station, Denmark's busiest train hub, Denmark's new rock-music museum, Ragnarock,

the development of Nordhavn (North Harbour) in Copenhagen, the biggest urban development project in Scandinavia, and a new conference building for Adidas at its headquarters in Germany. We offer a job with good conditions of employment in a dynamic and international environment.
