Internship at COBE: 3D visual artist intern

COBE is looking for a talented 3D visual artist intern to join our office in Copenhagen, Denmark. You will work closely together with our project teams and your primary task will be producing high quality 3D visual renderings of our projects – both in competition phases and during detailing together with our two visual artists.

The internship is full-time and offered for a period of at least 5 months. Cobe offers a wage subsidy.

Qualifications and skills:

- Studying architecture or 3D visualization
- You have experience in creating high quality renderings (both exterior and interior) preferably for an architectural office. (For quality references and style please see our website)
- You have experience with 3D modeling in Rhino, MAX and rendering with V-Ray, Corona
- Extensive knowledge of Photoshop and familiarity with the rest of the Adobe Creative Suite is a necessity

Besides this we are looking for a profile that can say yes to most of the following:

- You have a good eye and passion for image composition, materials, light and colors
- You have knowledge of architecture and/or urban planning
- You are capable of working within tight deadlines
- You are organized, flexible and responsible for workflow and deadlines
- You are a good colleague and a team-player, and yet capable of working independently

Application:

Please send your CV and portfolio (max 5 MB) to [internship@cobe.dk](mailto:internship@cobe.dk) Please note that we only accept digital applications.

About COBE:

COBE is an international architecture office founded in 2006. COBE is headed and owned by architect Dan Stubbergaard, and currently employs around 150 dedicated employees. Since its establishment, COBE has gained great recognition through a number of award winning projects at home and abroad. Among the office's most significant projects are Nørreport Station - Copenhagen's most busy station, Denmark's new Rock Music Museum, Ragnarock, in Roskilde and the planning of Nordhavnen in Copenhagen - the largest metropolitan development project in Scandinavia. We offer an internship with good conditions of employment in a dynamic and creative office environment where you collaborate with specialized and competent colleagues.
