### **Cobe is looking for a Model Workshop Intern**

Cobe is looking for an intern to join our model workshop in Copenhagen, Denmark. You will work closely with the Workshop Manager and your primary task will be assisting the team with the production of models for our projects – both quick sketch models and high-quality presentation models. You will be an important part of continuously developing Cobe's workshop and the ideal candidate will have some model making skills as well as a creative, co-operative mindset.

Candidates with the following attributes will be taken into consideration:

- You are interested in model making.
- You have experience making models using laser cutters, hot wire cutters, spray booths and hand skills.
- You have experience with 3D modeling in Rhino

This is an internship position, so we only invite candidates who have not finished their studies.

Besides this we are looking for a profile that can say “yes” to most of the following:

- You are highly motivated and have a strong sense of initiative.
- You have excellent attention to detail and take pride in your work.
- You are capable of working within tight deadlines.
- You are creative and comfortable working in a team setting.

We offer a job in a creative environment, with the possibility of both working in inspiring teams and immersing yourself in specific tasks. This is a great opportunity for someone with a some understanding of model making who wants to learn more. It could be someone taking a break between studies. Salary equivalent to Danish Student Grant (SU).

### **Application**

Applications are treated confidentially and handled continuously. Interviews will be held on an ongoing basis. We are looking forward to receiving your application, CV and portfolio included. Only applications showing evidence of physical model making will be considered. Please send the application to [internship@cobe.dk](mailto:internship@cobe.dk) with the subject “Model Workshop Intern”. For more information about the position, please contact Cobe's Workshop Manager, Lauren Catterson at [laca@cobe.dk](mailto:laca@cobe.dk).
